

# Combined resistance and resilience measures

- keeping water out for as long as possible buys valuable time to raise/move furniture & equipment

## Short-term, low/no cost ideas

Vehicles should be moved to higher ground

Business critical equipment kept on upper floors

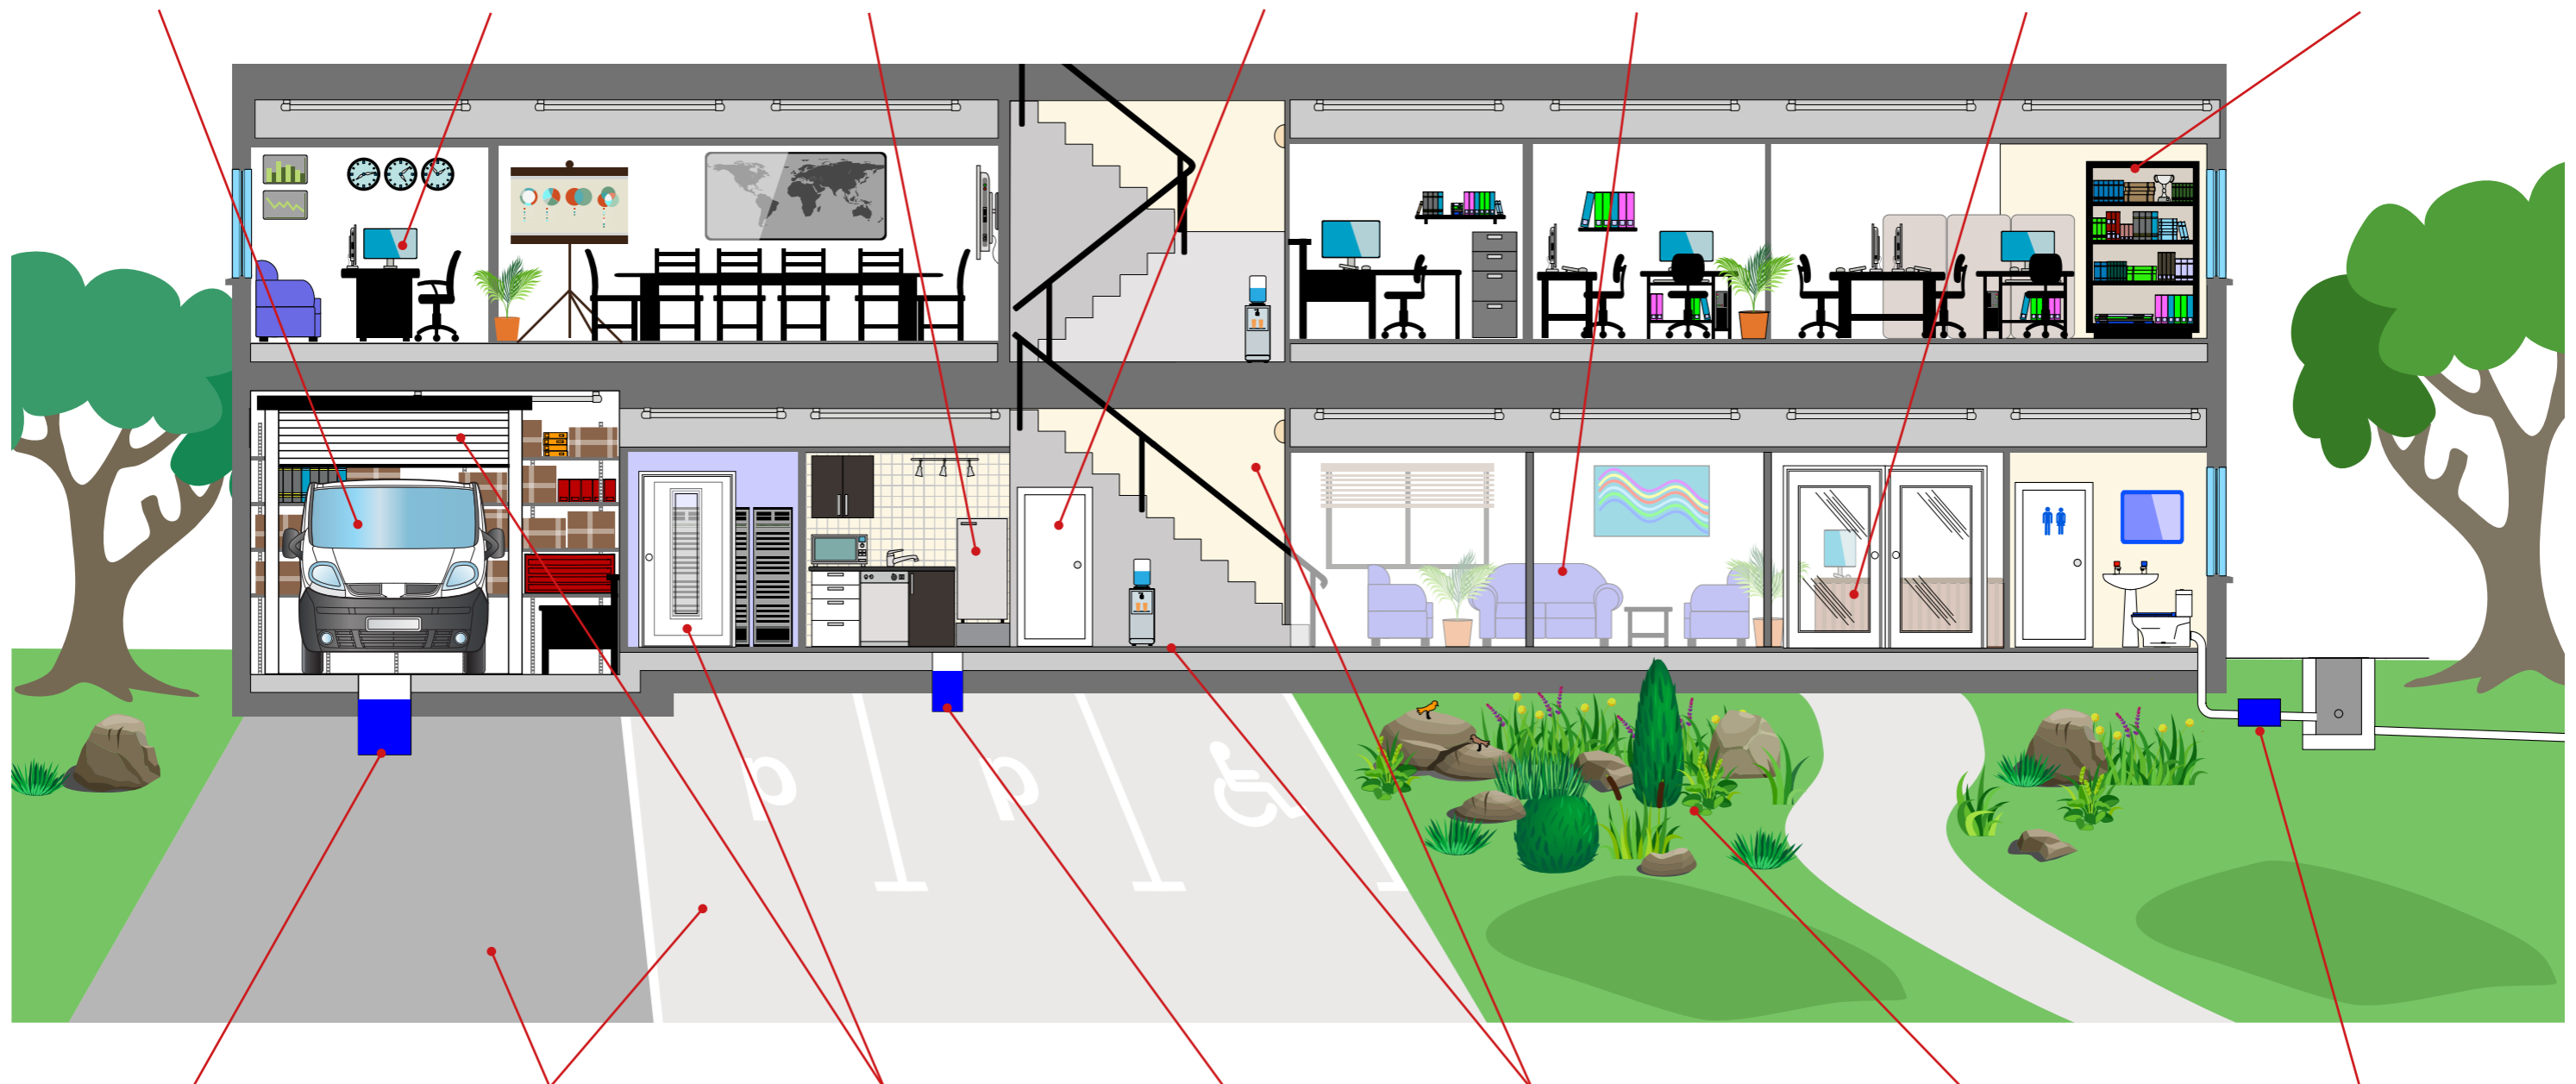

Raise fridge and dishwasher can be raised on plinths

Dedicated storage for flood barriers & 'Grab Bag'

Easily raised/removable furniture in Reception area

Flood barriers can protect main entrance

Business critical records stored on upper floor

Sump & pump to Goods Out zone

Permeable surfacing to access routes/car parking areas

Flood resistant doors to staff entrance and Goods Out zone

Sump & pump to kitchen area

Plaster and floor coverings of flood resilient materials

Sustainable urban drainage measures included when landscaping grounds

Non-return valve in sewer pipe serving cloakrooms

## Longer term investment ideas
